

§ 21.934

PSA, even if these protected service areas extend into adjacent BTAs. The protected service area also includes registered receive sites.

[60 FR 57367, Nov. 15, 1995]

§ 21.934 Assignment or transfer of control of BTA authorizations.

(a)(1) A BTA or PSA authorization holder seeking approval for a transfer of control or assignment of its authorization within three years of receiving such authorization through a competitive bidding procedure must, together with its application for transfer of control or assignment, file with the Commission a statement indicating that its authorization was obtained through competitive bidding.

(2) Such applicant must also file with the Commission the associated contracts for sale, option agreements, management agreements, or other documents disclosing the total consideration that the applicant would receive in return for the transfer or assignment of its authorization. This information should include not only a monetary price, but also any future, contingent, in-kind, or other consideration (*e.g.*, management or consulting contracts either with or without an option to purchase; below market financing).

(b) Transfers of control or assignments of BTA or PSA authorizations are subject to the limitations of §§ 21.4, 21.900 and 21.912 of this subpart.

(c) The anti-trafficking provision of § 21.39 does not apply to the assignment or transfer of control of a BTA or PSA authorization, which was granted pursuant to the Commission's competitive bidding procedures.

§ 21.937 Negotiated interference protection.

(a) The level of acceptable electromagnetic interference that occurs at or within the boundaries of BTAs, PSAs, or an incumbent MDS station's 56.33 km (35 mile) protected service area can be negotiated and established by an agreement between the appropriate parties, provided that:

(1) The parties to such an agreement file with the Commission a written statement of no objection, acknowledging that the parties have agreed to accept a level of interference that does not meet the protection standards set forth in §§ 21.902 or 21.938 of the Commission's rules;

(2) The statement bears the signatures of all parties to the agreement, or the signatures of their representative agents; and

(3) The statement is filed with the Commission within 30 days of its ratification or file in conjunction with an application with which the agreement is associated, whichever is earliest.

§ 21.938 BTA and PSA technical and interference provisions.

(a) BTA or PSA authorization holders are expected to cooperate with one another by designing their stations in a manner that protects service in adjoining BTAs and PSAs including consideration of interference abatement techniques such as cross polarization, frequency offset, directional antennas, antenna beam tilt, EIRP decrease, reduction of antenna height, and terrain shielding.

(b) Unless the affected parties have executed a written interference agreement in accordance with § 21.937, and subject to the provisions of §§ 21.909, 21.913, 21.949, 74.939 of this chapter, 74.949 of this chapter and 74.985 of this
